

Associate Dentist Wanted

River Birch Dental is a busy 47-year-old practice in Centuria, Wisconsin. Located on State Highway 35, a main north/south artery for the western part of the state. Patients are drawn from a 90-mile radius in all directions, including the St Paul/Minneapolis northern metro area, which is just across the state border.

The clinic is a beautiful building that has 8 operatories. There are 3 hygiene suites, 5 fully equipped Doctors operatories, lab, state of the art sterilization unit, business office, and comfortable waiting room featuring a stone fireplace.

All aspects of dentistry are offered to patients of all ages. Family dentistry brings us lots of children and geriatric dentistry features some interesting senior citizens. We also offer Oral Surgery, Endodontics, Implants, and Orthodontics. All the latest technology including digital x-ray 3D imaging, intraoral cameras, Cerec CAD/CAM, laser technology, paperless charting, etc. are currently available.

We are located in the beautiful St Croix River Valley. Small, friendly towns are surrounded by rural farm land and many lakes, all bordering the St Croix River. This offers great country living and playing with easy access to the Twin Cities cultural and sporting events, and of course, shopping ranging from nearby malls to the Mall of America.

River Birch Dental has had steady growth through out our history. We find the need for an Associate Doctor to join Dr. Georgeann Vargas and team. We are confident that we can offer full time hours with a generous compensation package.

Please consider a visit to our clinic. We would love to show you what life in one of the best areas of the United States can offer. Combine that with a challenging and varied dental experience and we think you will agree, this is the opportunity you have waited for.
